

QHS-350 ELECTRIC HANDSAW

DQ MACHINERY

QHS-350 ELECTRIC HANDSAW

The QHS-350 is an extremely efficient & powerful hand held saw for cutting through concrete, masonry, stone and steel reinforcement. Amongst other features, this hand held saw has a chainsaw style handle, large anti block water misting jets and detachable guide rollers which ensures optimal user control. The motor is also fitted with an innovative IPM system which manages the volume of power entering the motor depending on the circumstances in hand.

The integrated dust extraction port ensures dust can be reduced, however there is an optional dust ski accessory which is quick & easy to connect.

Available in 110V & 230V.

SPECIFICATION DETAILS

- Chainsaw style handles
- Full electronic overload & thermal protection
- Magnesium blade guard, gear plate & gear case for maximum strength & minimum weight
- Integrated water feed system
- Blade guard includes a locking tool-free adjustment
- Spring loaded splash guard & unique brush for easy cleaning
- Extremely efficient & powerful motor, good for cutting steel reinforcement

DETACHABLE GUIDE ROLLERS

WELL DESIGNED MOTOR VENT GUARDING

DUST EXTRACTION PORT & SLURRY/SPRAY GUARD

CONNECTIONS

TECHNICAL SPECIFICATION	
Product Description	Hand held saw for concrete, masonry and stone
Voltage	110-120V ~ 50-60Hz 220-240V ~ 50-60Hz
Input Power	110-120V:1700W 220-240V:2800W
Blade Diameter Ø	355mm/14"
Max Cutting Depth	125mm/5"
No-load speeds	4500min ⁻¹
Weight	7.9Kg
Dimensions	625mm x 250mm x 365mm
Vibrations rear handle (excl. blade)	3.0 m/s ²
Vibrations front handle (excl. blade)	3.5 m/s ²
Sound Power level (LWA)	100,0 dB (A)
Sound Pressure Level (LPA)	87,0 dB (A)
