

INSULATED AIR LANCE

The Macdonald Insulated Air Lance is ideal for safe excavation around utility pipes, cables and tree roots.

BENEFITS

- Insulated barrel, non-conductive and non sparking tool.
- Available in two nozzle sizes.
- Dead man's handle to avoid accidental operation.
- Deflector to minimise risk from flying debris.
- No lubrication required.

SPECIFICATION

WEIGHT	3.2 KGS	AIR CONSUMPTION - SMALL NOZZLE	65 CFM
LENGTH OVERALL	1270 MM	AIR CONSUMPTION - LARGE NOZZLE	105 CFM
TUBE LENGTH	1000 MM	NOISE LEVEL	111 D(BA)
RECOMMENDED WORKING PRESSURE	6 BAR / 87 PSI	TESTED WORKING PRESSURE	7 BAR / 101 PSI
		AIR HOSE	19 MM
